Mobile Phones

Please keep off your mobile phones when you are entering and exiting the building. It is really important to spend this time settling or collecting your child AND it is a safeguarding concern. Please don't be offended if we ask you to put your mobile phone away.

Did you know..?

The average person will spend 38.5 days brushing their teeth!

Oral Health

Nikki attended oral health training to support our Healthy Early Years Status. She returned with these top tips for supporting the health of your child's teeth:

1

When buying toothpaste the fluoride should be 1350-1500 ppm (parts per million) for anyone over 3years. You do not need to buy expensive toothpaste.

2

Use Fluoride Varnish twice a year. Rub this gently into teeth with your finger.

3

When you have finished brushing – do not rinse, just spit!
